Genetic Testing Report

2501-Male

Color Results(5 of 16)

A-Locus	at/at	Dog has two copies of the gene causing tan points.
B-Locus	B/B	Dog does not carry the mutation for most forms of chocolate coloration.
D-Locus	D/D	Negative: Dog is negative for the mutation associated with a diluted coat color.
E-Locus	e/e	Dog has two copies of cream/yellow.
K-Locus	n/n	Dog is negative for the KB allele, and the coat coloration will be based on the agouti genotype.

Pattern Results(1 of 16)

S-Locus	n/n	Negative: Dog is negative for the S-Locus. No white spotting will be present.
---------	------------	---

Trait Results(4 of 16)

Curl 1&2	C¹/C¹	The dog has two copies of the hair curl allele. The dog will have curly hair, and will always pass on a copy of the hair curl allele to any offspring. All offspring of this dog will have curly hair.
Furnishings	F/F	Furnished: Dog has two copies of the furnishings mutation and will always produce offspring with a furnished coat.
Hair Length (1-5)	l¹/l¹	Two copies of the long-hair allele, dog will have longer than average hair per the breed standard.
Shedding	n/n	Dog has no copies of the shedding allele. The dog will have a low propensity towards shedding.

The Seal of The American Kennel Club affixed hereto certifies that this pedigree was compiled from official Stud Book records on February 20, 2024.

General Information and Instructions	
Purpose	Use this application to register a litter of puppies born in the USA from an AKC-registered female that was mated to an AKC-registered male of the same breed. AKC rules and regulations may be viewed on our website at: www.akc.org . Once submitted, this application becomes the property of the American Kennel Club. Note: All forms listed below are available on our website: www.akc.org .
Litters Mated Abroad	Request and submit a Special Litter Registration Application <i>instead</i> of this form.
Multiple-Sired Litters	Request a Multiple-Sire Litter Registration Application and use a Multiple-Sire Litter Registration Application form to register each litter. The Multiple-Sire Litter Registration Application cover page contains details on fees and required DNA certification.
Artificial Insemination Litters	Fresh Semen: Submit an Application to Register a Litter Resulting from Artificial Insemination Using Fresh Semen. Fresh Extended Semen: Submit an Application to Register a Litter Resulting from Artificial Insemination Using Fresh Extended Semen. Frozen Semen: Submit an Application to Register a Litter Resulting from Artificial Insemination Using Frozen Semen.
Fees	<p>Processing fees are nonrefundable and all fees are subject to change without notice. A litter application fee always comprises two parts: a processing fee (\$25.00) plus a puppy fee (multiply the number of puppies by \$2.00). Additional fees are determined by circumstance:</p> <p>AKC Marketplace - (Formerly known as AKC Online Breeder Classifieds) (\$29.00) List your litter on AKC's website for 90 days. By listing your litter you agree to provide the new owner(s) with the AKC individual registration application. This program is designed to assist breeders with selling puppies directly to puppy buyers. <i>The AKC reserves the right to correct or cancel at will the listing of this litter. Any information that is added to the listing may only concern the specific litter listed.</i> Some listing restrictions may apply. The listing fee will be refunded if the litter is unregistrable. Full refunds are offered within 7 days of original purchase. Otherwise it is not refundable. To receive a refund contact AKC Customer Service at the number below. For more information, go to marketplace.akc.org. Please note: In order to receive the instructions for your new Marketplace listing, an email address must be provided.</p> <p>Official AKC Litter Certificate (\$25.00) The Official AKC Litter Certificate verifies that a litter is officially registered with the AKC. This document, which is offered on premium stock with an elegant color heading and AKC seal, contains basic litter information with a three-generation pedigree contained in the body. The pedigree ends with the current litter (sire and dam) and contains no specific puppy information, AKC titles, colors, DNA profiles, CERF or OFA Certifications. As the breeder, you will receive one frameable copy of the litter certificate and additional copies for each puppy in the litter. The Litter Certificate Package is mailed separately.</p> <p>Expedited Handling (\$35.00) Expedited Handling available in the Continental U.S. only. Allow 3-5 business days for delivery.</p> <p>Late Fee (\$65.00) Required if it has been more than 6 months since the litter was whelped.</p> <p>Note: If paying by check or money order, make payable to: The American Kennel Club.</p>
Mailing Information	<p>Standard Handling Send the completed application to: The American Kennel Club, P.O. Box 900052, Raleigh, NC 27675-9052</p> <p>Expedited Handling Send the completed application to: The American Kennel Club, P.O. Box 900055, Raleigh, NC 27675-9055</p>
Additional Requirements	<ul style="list-style-type: none"> • If a Dam was leased at the time of mating or birth of a litter, you must submit a Lease Notification form. • If a Sire has sired seven (7) or more litters in his lifetime or more than three (3) litters in the calendar year, an AKC DNA profile must be on file. • If there are more than two (2) Dam owners, contact the AKC for an Additional Signature Form. • Import DNA requirement: All imported dogs (male or female) registered on or after March 1, 2006 require AKC DNA profiling prior to the registration of their first AKC-registered litter. • Conditional Registrations: If either the sire or dam has conditional registration (registration numbers that start with a "Q"), BOTH sire and dam must have an AKC DNA profile prior to the registration of this litter. Additional competition and breeding restrictions apply to the offspring.
Authorizations	Signatures of persons other than the owners or lessees will be accepted only if a properly completed authorization form has been filed with the AKC.
Assistance	Email AKC at info@akc.org or call 919-233-9767 to speak to an AKC Customer Service Representative, Monday – Friday, 8:30 AM – 5:00 PM. Information about the registration process and downloadable forms are available on our website: www.akc.org .
Notice	<p>The American Kennel Club reserves the right to correct or cancel for cause the registration of this litter and its descendants. Any misrepresentation on this application is one example of for cause cancellation and may result in loss of AKC privileges. Registration is not guaranteed. Processing fees are nonrefundable and all fees are subject to change without notice. The listing fee will be refunded if the litter is unregistrable or if all members of the litter are already registered; otherwise, it is nonrefundable.</p> <p>By supplying your email address and/or telephone number, you consent to receive communications from AKC and third parties.</p> <p>All dogs from this litter will be eligible for Online Registration unless the designated box is checked. Please note this is for co-owned litters only and all co-owners must be in agreement.</p>

CERTIFICATE ISSUED
NOVEMBER 1, 2023

This certificate invalidates all previous certificates issued.

If a date appears after the name and number of the sire and dam, it indicates the issue of the Stud Book Register in which the sire or dam is published.

For Transfer Instructions, see back of Certificate.

This Certificate issued with the right to correct or revoke by the American Kennel Club.

REGISTRATION CERTIFICATE

Majesty

Happy Tail's Rich Majesty

Mini Poodle
DOB: 06.26.2023
Microchip #
990000007902501
Registration: AKC
PR27153103
Weight: 13.5 lbs
Height: 16.5"
Color: Red Abstract

Personality Traits: Majesty is a breathtaking vision in rich red and white. His luxurious coat exudes an air of sophistication, adding to the majestic aura that surrounds him. Majesty's presence is commanding, yet his demeanor is gentle and warm. With a dignified stance, he moves through life with a quiet grace, turning heads with his striking coloration and refined elegance.

Additional Comments: Majesty has one of the rarest DNA's found in a poodle. He has the coveted blaze with no party, no KB, with At/At! He will never produce a party pup. He is clear on disorders and CDPA.

Majesty's Genetics

Disorder Results(6 of 16)

CDDY	N/C	At Risk: Dog has one copy of the CDDY mutation. Dog is at risk for IVDD and may pass the mutation to offspring.
CDPA	N/N	Clear: Dog is negative for the CDPA mutation.
DM	n/n	Clear: Dog is negative for mutation associated with Degenerative Myelopathy.
NEwS	n/n	Clear: Dog is negative for mutation associated with NEwS.
PRA-pred	n/n	Negative: Dog is negative for the mutation associated with pred-PRA.
vWD1	n/n	Clear: Dog is negative for the mutation associated with von Willebrand's Disease Type I.

Color Results(5 of 16)

A-Locus	at/at	Dog has two copies of the gene causing tan points.
B-Locus	B/B	Dog does not carry the mutation for most forms of chocolate coloration.
D-Locus	D/D	Negative: Dog is negative for the mutation associated with a diluted coat color.
